### **Buying AISLING protects trees**

For decades we've been featuring the Tree Council of Ireland's logo and native tree facts in Irish and English on the back of our AISLING copy books to drive awareness in schools and support their mission to foster a tree culture in Ireland.

This year, we have pledged to plant a tree for every school in Ireland by 2024. With the first phase of planting underway, you can be confident that when you buy AISLING you are also helping to plant and protect trees for our future generations.

### 1 in 10 of us are affected by dyslexia\*

- patterns, stripes, black/white and colour contrast can be stressful and lead to headaches, fatigue, and anxiety
- the environment may seem distorted so stationary objects can blur, move and change

Tinted paper is now widely recognised as an essential special needs support for the visual stress symptoms associated with dyslexia, Irlen's syndrome and for those struggling to focus.
