Welcome

Here at RHINO Stationery it's our mission to assist people of all ages to improve their learning and communications; from best in class exercise books to professional notebooks and pads, we pride ourselves on best quality and value for money to meet your needs.

Nordic Swan Ecolabel

Our factory and exercise books have been accredited with the official ecolabel of the Nordic countries, the Nordic Swan Ecolabel that works to minimise the environmental impact from both manufacturing and consumption of the products throughout their lifecycle.

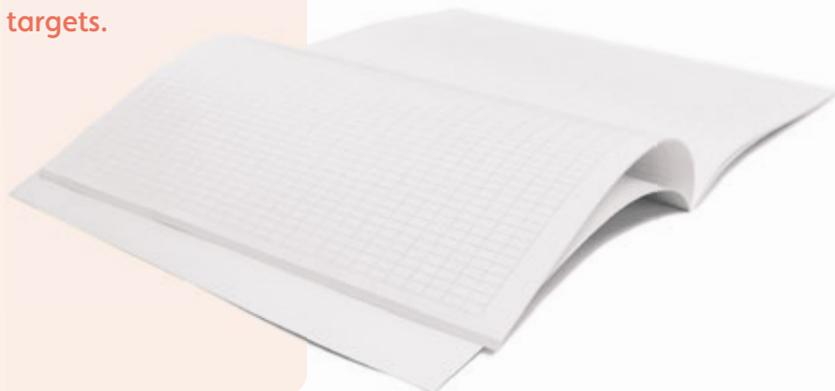

By buying our certified books and pads, you can be confident you are choosing the best quality products, made of sustainably sourced raw materials, and produced within an environmentally friendly manufacturing process and environment.

The RHINO Brand Promise

All our products come with a lifetime warranty and a commitment to sustainable sourcing and minimal waste, so you can be confident of the very best quality and environmentally conscious paper products with the Nordic Ecolabel to support you and to help you achieve your own eco targets.

Lifetime Warranty

Designed fit-for purpose and made from quality materials, our promise to you is that a RHINO product will stand the test of time, from the very first to the very last page.

If it has not lasted its expected lifetime, when used under normal circumstances, we'll replace the product free of charge.

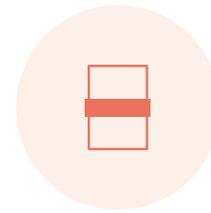

Buying RHINO saves rhinos

We've been working with Save the Rhino International for more than a decade and to date we have donated over £100,000; investing in conservation projects for a future where rhinos can thrive. We believe that together we can make a difference.

Since 2006 Save the Rhino International's logo has been printed on the back of every RHINO exercise book raising awareness amongst some 30 million teachers and children every year.

Charity No. 1035072

Paper banding

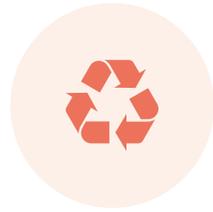

We are on a mission to eliminate single-use plastics from our products and packaging, and in 2020 we replaced plastic shrink-wrap on RHINO exercise books with a sustainable paper banding, making the wrapping recyclable and helping us eliminate over 60 tonnes of single-use plastic per year! We have projects underway to trial similar packaging options with loose leaf paper, notebooks and pads

Printed with solvent-free ink

We print with water-based and solvent-free ink to ensure that no harmful chemicals impact our supply chain or the end user.

100% recyclable paper

You can be confident that your RHINO paper is 100% recyclable; as a plant-based material, it can be recycled back into the process up to 7 times.

If you prefer to get creative with paper recycling, why not use as compost by tearing into small pieces and placing around plants and seedlings to help them grow (as a natural plant-based resource, the ingredients in paper add nutrients and moisture to the soil).

Quality paper from sustainable forests

Preservation of the environment and creating a sustainable supply chain has always been at the heart of our business.

Our factory has achieved FSC® (FSC - C092742) and PEFC (PEFC/19-31-05) certifications, which provide credible assurance that we are sourcing materials from sustainably managed forests and are following the best practices throughout the production process and supply chain.

Made in Europe

Our purpose-built factory is based in Tallinn, Estonia and close to EU paper mills.

We can make up to 250,000 exercise books per day; that is approximately 1 full container of 40 pallets.

Exercise Books

With RHINO, you're choosing market-leading exercise books with a consistent quality that teachers trust and children can be proud of.

The perfect match for all educational and study needs, these books feature sustainably sourced paper with an option of 120gsm, 170gsm or 200gsm cover materials to suit your needs and can withstand the busiest school year.

From our extensive selection of rulings and sizes, you can find squared or lined, with margin or without, in standard A5 or A4 sizes and everything in between.

We offer a wide selection of exercise book leaf counts, from 12 to 80 leaves, available in 60gsm paper, 70gsm and 80gsm education standard smooth paper. We also have a comprehensive range of tinted papers to support increasing neurodiversity and Special Educational Needs in the classroom. Sometimes a simple switch from a white to a tinted paper can make all the difference to aid focus and relieve the symptoms of visual stress.

Exercise Paper

Always handy, stock up on loose leaf exercise paper as a great classroom backup for missing exercise books, tests, exams, for practicing, homework, or project notes.

Available as single sheets or folded, with sustainably sourced smooth 60gsm, 70gsm or 80gsm paper, our exercise papers will stand the test of any school year!

From various squared to lined rulings, with pre-punched holes for quick and easy filing or without for daily practice, you can select the perfect fit for your subject.

Did you know?

Three of the five rhino species are **Critically Endangered**, meaning that they face an extremely high chance of extinction in the wild.

Every RHINO branded product you buy - from exercise books to notebook and flipchart pads - helps Save the Rhino International continue their critical conservation efforts and work towards their vision of enabling all rhinos to thrive in the wild.

To sign up or donate directly, please visit www.savetherhino.org

Save the Rhino International is a UK Registered Charity No. 1035072

Lifetime Warranty

Everyday Essentials

Attractive and robust RHINO notebooks and pads in minimal, modern colourways made with quality smooth white paper.

Perfect for teachers and students, the Everyday collection is designed for day-to-day use in school, in the workplace, home office and on the go.

Flip Chart Pads

Big and spacious, RHINO flip chart pads are designed to fit the standard European easels and promote collaboration and discussion. Whether in the office or in a classroom, the high-quality spacious flip charts allow explorations and discoveries in a creative format, by offering a big surface for great ideas to come alive on.

Plain is the perfect canvas for presentations, for scribbling down the big ideas in a meeting or creating sketches to kick off exciting new projects.

Squared, available with 25mm or 50mm squares, is ideal for creatively exploring numeracy or working with sums and formulas.

Certified with the Nordic Swan Ecolabel
